PRICES

JAPANESE MAPLES PRICE LIST

(Prices don't include shipping or packing)

- 1 Gallon \$40-\$48 Average is \$45
- 2 Gallon \$70-\$79 Average is \$75
- 3 Gallon \$79-\$89 Average is \$85
- 5 Gallon \$115-\$145 Average is \$125
- 6 Gallon \$150-165 Average is \$175
- 7 Gallon \$185-200 Average is \$195
- 10 Gallon \$225-250 Average is \$235
- 15 gallon \$325-\$395 Average is \$335
- 20 gal \$400-\$650 Average is \$450-600
- 25 Gallon \$500 – 650 Average is \$575- \$625

Larger sizes are available up to 45 gal prices on request

We have 60 and 100 gal pots also

Almost all dissectums **LARGER than 7 gallons** and any uprights **LARGER than 15 gal** may not shippable without oversize charges. Most larger (10 gal or more) dissectums are just too stiff and wide to be boxed!! Although it depends on tree some are more flexible and can be shipped at reasonable prices so it does no harm to ask(email or call)...

If you are buying multiple larger trees they can be shipped fed ex freight reasonably packing charges including pallet building and

boxing will be more .. but overall a good way to ship multiple
oversize trees reasonably

Larger sized single trees are likely not shippable period (Example:
20 gal etc.) email or call for larger container pricing or freight
shipping on multiple trees

These prices are good only on in stock trees only. All special
order trees shall be separately priced and are not necessarily
priced as above and all special orders must be done in winter or
early spring for spring delivery only

There are also price exceptions with very rare hard to get
specimens of any size ... but 99% fit into the above price
structure

CONIFER, GINGKO and FAGUS PRICE LIST (Prices don't include shipping or packing)

(Prices for Conifer Ginkgo and Fagus can vary greatly from
cultivar to cultivar within each of these three species Due to
rareness and difficulty propagating so some may be much more
than below ... again 99% will be within the above range)

Ginkgo 1 Gallon \$40-\$55 Average \$45

Ginkgo 2 gallon \$55 - \$75 Average is \$59

Ginkgo larger sizes: I have quite a few larger ones Please email
or call for prices and ship ability. A few Ginkgo are much higher
than the listed prices due to extreme
rareness.

Fagus (Beech} 1 Gallon \$40-\$59 Average is \$45

Fagus (Beech) Larger sizes please call I have a good selection of larger beeches

A few Fagus are much higher than listed prices due to extreme rareness

QUERCUS

(Prices don't include shipping or packing)

Japanese Emperor Oak 5 gallon 3-4 ft \$145 - \$150

Japanese Emperor Oak 10 gal 4- 5' Well Branched NICE \$225
(only a few left)

All other Quercus please email or call. They are all VERY rare and pricing varies greatly

OTHER RARE COOL TREES PRICE LIST ACER (Non Asian), DOGWOOD, REDBUD ETC. (Prices don't include shipping or packing)

Prices start for 1 gallon \$45

Please email or call for further pricing details on specific one gallon and larger containers of these special cultivars. The prices

on these cultivars vary greatly due to the rarity of many of these very special trees.

MONGREL JAPANESE MAPLES (NOT LISTED HERE)

Grown for Bonsai

(Prices do not include shipping or packing)

1 GAL tree years old \$28 EA BUY 6 OR MORE \$20 ea (these are ones that are three years old and have reached the time they will look like what they now look like... most are super cool

1 GAL. two years old 25 ea. BUY 6 OR MORE \$17 EA (These are not all the age that they are showing their future look I will though pick out the ones most interesting and different from their original cultivar or similar your choice.

(For more info see home page of web site concer
